KMC CHAIN

Easy Life, Easy Ride!

XSL Series/X Series/DX Series/Kool-Superlight/Kool Chain/SHIMANO Series/INOX/Chain Tools

ISO 9001 CERTIFIED

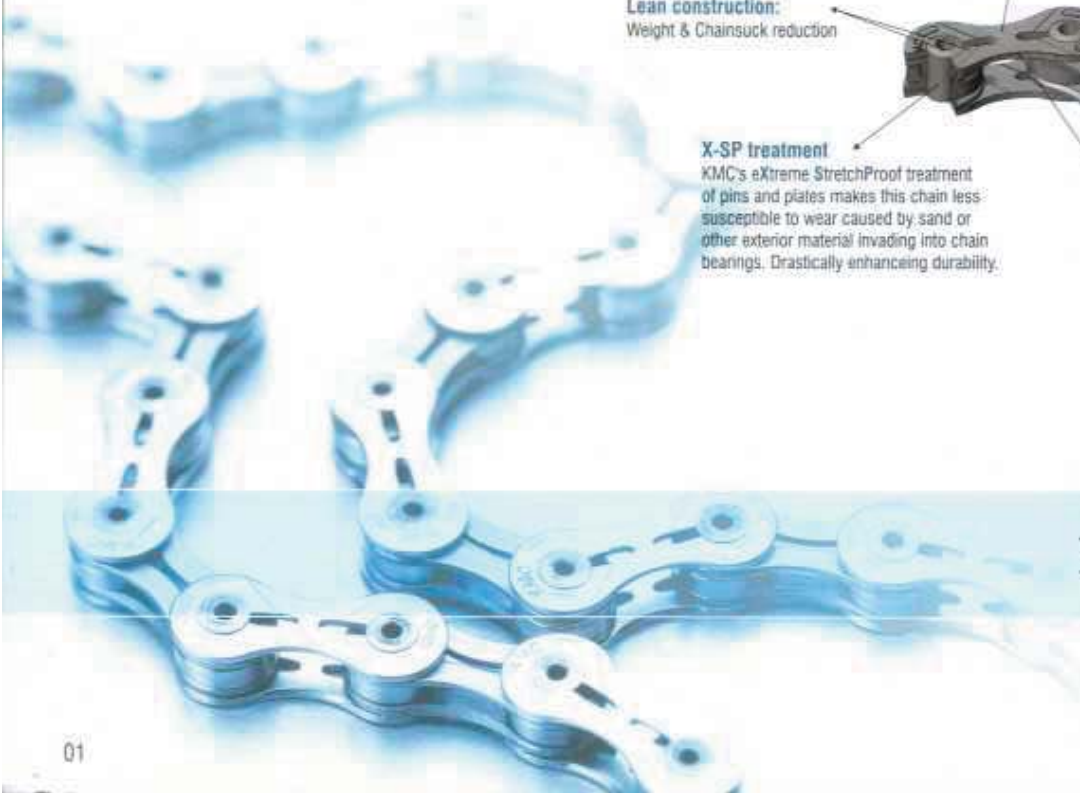

X-Superlight

Hi-Performance • Super Light • Extremely Durable

For the true cyclist who only wants the best of the best, we now introduce the super lightweight champion of bicycle chains.

KMC Titanium Nitride coating:
Less friction, less maintenance
and high reliability

Lean construction:
Weight & Chainsuck reduction

X-SP treatment
KMC's eXtreme StretchProof treatment of pins and plates makes this chain less susceptible to wear caused by sand or other exterior material invading into chain bearings. Drastically enhancing durability.

High alloy material
Pins and plates, made out of special alloy material, reduces chain stretching and thus prolongs chain life.

X-Bridge
The X-Bridge outer plate has been configured with precisely articulated angles for quicker and smoother gear shifting and quieter riding.

XSL SERIES

X-SL the lightest bicycle chain

Lean construction: Weight & Chainsuck reduction

KMC X-Bridge for super fast shifts

KMC X-SP for extremely long life

KMC Titanium Nitride coating, less friction, less maintenance and high reliability

Including MissingLink Connector

INOX

Stainless Steel Material

It owns all the anti rust capacity that can be expected from stainless steel material.

Anti-Drop Design

With anti-drop design, the chain drop possibility is drastically reduced and the overall tensile strength is enhanced as well.

All weather type

Excellent heat and cold resistance, for all weather type.

STAINLESS STEEL

S10

* Compatible Bikes: Electric bike,
Internal Gear Hub System,
Single speed bike,
Beach Cruiser

MANUAL TOOLS --- EASILY AND QUICKLY DISASSEMBLE EQUIPMENT

KMC is the world's leading chain manufacturer, both in Quality and Quantity.

In order to meet the market's demand for high-quality chain accessories, KMC is now introducing two tools in order to complete your chain product range.

Specification	Cutting	PPO	Riveting
Single speed 1/2" x 1/8"	Black plunger	Silver plunger	Silver-colored riveting tool
Multi-speed 1/2" x 3/32" 1/2" x 11/128"	Black plunger	Golden plunger	Golden-colored riveting tool

Remarks: 1. The other two plungers can hide in the handle.

2. The riveting tool can rivet the pins in order to enhancing the pin power and preventing disconnection.

1. "Riveter"

In case you have to change a chain, we now offer the perfect professional tool for precisely disassembling and safely reconnecting.

2. "Chain Checker"

Our Chain Checker is a handy electronic device that can diagnose the chain's condition within a matter of seconds.

This tool will help you to increase the service to your customer, by preventing excessive wear down of Chain wheel and cassette. The electronic feature will help you convince your customer that it is time to change his chain.
