SINE THESIS

Sizes:

M: 54-57 cm L: 58-61 cm

Available colours:

Features:

In brief:

- Ice Lite™ • Gel 02™ • Hcs 20™
- “Nova 3” Process • Integral In-Molding construction
- Adjustable Kevlar® straps • Safe-T lite

We have worked hard to further evolve and improve our best road helmet. We've gone to the core of the very concept of bicycle road helmet, questioning and scrutinizing it in every detail, striving to avoid prejudices of convention. The result is the most advanced bicycle helmet ever conceived. Featuring three revolutionary concepts:

- **ICE Lite™**. Composite Exoskeleton, integrated into the In-Molding process, allowing structural performance beyond established standards. With deflectors allowing an “acceleration” of the ventilation.
- **GEL 02™**. New generation of “morpho gel” pads, allowing the head to stay cool, thanks to the natural capacity of the gel to stay cool when in contact with the head, to dispel the sweat and perfectly fit the shape of the skull.
- **HCS 20™**. Internal geometry concept that minimizes at only 20% the head contact with the internal cavity of the helmet, allowing the head to “breathe”, even when riding at low speed or at complete stop.

PAC VII

Sizes:

M: 53-56 L: 57-59

Available colours:

Features:

In brief:

- Integral In-Molding construction
- "Air Channeling" System
- Safe-T lite
- Washable pads in Coolmax®

STRADIVARIUS UL

Sizes:

M: 54-57 cm L: 58-61 cm

Available colours:

Features:

In brief:

- UltimaLite Technology™
- Integral In-Molding construction
- Adjustable Kevlar® straps
- 360° Ventilation
- Safe-T lite
- Washable pads in Coolmax®

ELITE

INFERNO UL

Sizes:

M: 54-57 cm L: 58-61 cm

Available colours:

Features:

In brief:

- UltimaLite Technology™
- Integral In-Molding construction
- “Air Cooling” System
- Integral In-Molding construction
- 360° Ventilation • Safe-T lite
- Washable pads in Coolmax®

ESTRO

Sizes:

M: 54-57 cm L: 58-60 cm

Available colours:

Features:

In brief:

- In-Molding Construction
- 360° Ventilation
- Safe-T X
- Washable pads in Coolmax®

SPORT

ALISEO

Sizes:

Us: 52-57 cm U: 54-61 cm

Available colours:

Features:

In brief:

- “Nova 3” Process
- In-Molding Construction
- “Air Channeling” System
- 360° Ventilation
- Safe-T lite
- Washable and anti-allergic pads

DIAMANTE

Sizes:

Us: 52-57 cm

Available colours:

Features:

In brief:

- “Nova 3” Process
- UniSmall • Pure W
- In-Molding Construction
- “Air Channeling” System
- 360° Ventilation • Safe-T lite
- Washable and anti-allergic pads

SPORT

COSMO

Sizes:

Us: 52-57 cm U: 54-61 cm

Available colours:

Features:

In brief:

- “Nova 3” Process
- In-Molding Construction
- 360° Ventilation
- Safe-T lite
- Washable and anti-allergic pads

JUNIOR

CRACKERJACK

Sizes:

Us: 52-57 cm

Available colours:

Features:

In brief:

- UniSmall • In-Molding Construction
- 360° Ventilation • Safe-T Twist • Removable visor
- Washable and anti-allergic pads

KIDS

ELFO & GENIO DIM

Sizes:

Elfo: 46-53 cm Genio: 52-57 cm

Available colours:

[Elfo]

[Genio]

Features:

In brief:

- “Nova 3” Process
- Bimbi-Secure • Bimbi Plus
- Integral In-Molding construction
- “Air Cooling” System • Safe-T Twist
- Washable and anti-allergic pads
- Anti insect net

ELFO & GENIO SIM

Sizes:

Elfo: 46-53 cm Genio: 52-57 cm

Available colours:

Features:

In brief:

- “Nova 3” Process
- Bimbi-Secure • Bimbi Plus
- In-Molding construction
- “Air Cooling” System • Safe-T-Twist
- Washable and anti-allergic pads
- Anti insect net

X COUNTRY

VELENO DIM

Sizes:

M: 54-57 cm L: 58-60 cm

Available colours:

Features:

In brief:

- Integral In-Molding construction
- Adjustable Kevlar® straps
- 360° Ventilation
- Safe-T X
- Removable visor
- Washable pads in Coolmax®

VELENO SIM

Sizes:

M: 54-57 cm L: 58-60 cm

Available colours:

Features:

In brief:

- In-Molding Construction
- 360° Ventilation
- Safe-T lite
- Removable visor
- Washable pads in Coolmax®

MOUNTAIN

KAOS UL

Sizes:

M: 54-57 cm L: 58-60 cm

Available colours:

Features:

In brief:

- UltimaLite Technology™
- «NOVA3» Design Process
- Integral In-Molding construction
- Adjustable Kevlar® straps • 360° Ventilation
- Safe-T lite • Removable and ventilated visor
- Washable pads in Coolmax®

KAOS

Sizes:

M: 54-57 cm L: 58-60 cm

Available colours:

Features:

In brief:

- «NOVA3» Design Process
- Integral In-Molding construction
- 360° Ventilation
- Safe-T X
- Removable and ventilated visor
- Washable pads in Coolmax®

ALL
MOUNTAIN

TERRA

Sizes:

U: 54-61 cm

Available colours:

Features:

In brief:

- «NOVA3» Design Process
- In-Molding Construction
- 360° Ventilation
- Safe-T lite
- Removable visor
- Washable and anti-allergic pads

PARACHUTE

Sizes:

M: 54-57 cm L: 58-61 cm

Available colours:

Features:

In brief:

- In-Molding Construction
- Removable & ventilated chin-guard
- 360° Ventilation
- Safe-T lite
- Removable and ventilated visor
- Washable pads in Coolmax®

STREET
AND DIRT

STYX

Sizes:

U: 54-61 cm

Available colours:

Features:

In brief:

- «NOVA3» Design Process
- “Air Channeling” System
- “Air Cooling” System
- ABS Shell
