www.raleigh.co.uk

They all deserve a Raleigh

“The worlds best known name in cycling and without doubt the No.1 brand in the UK”

For over 120 years Raleigh has been creating market leading bikes in Nottingham.

Every parent has fond memories of their first Raleigh bike and it has been a name families have trusted for generations.

Children whatever their age always enjoy the fun and excitement of their first new bike. By encouraging them to cycle it helps promote a healthy lifestyle and gives them a sense of freedom and adventure.

With Raleigh they couldn't be in better hands because we build safety as well as superb play value into all our bikes. It's our care and attention to these details that ensures a Raleigh bike stands out and is built to last.

• Bold colourful bike graphics

• Non slip pedals

• Help them to learn to ride

• Added play value

• Easy to reach brakes

Some key features of our Children's bikes

- Non slip pedals
- Easy to reach brakes for little hands
- No sharp edges or finger traps
- Pneumatic tyres for better control
- Removable stabilisers
- Non toxic paints

Our engineers have developed AIRLite aluminium frame technology, we take the best grades of aluminium and manufacture custom tube profiles to ensure each bike is lightweight strong and responsive and gives you the 'Ride of your Life'

All good reasons why our bikes exceed the new European Safety Standards

Choosing the right bike for your child

Make the right choice

Our easy to use sizing chart helps you to select the correct bike for your child. Simply measure their inside leg and match this to the chart. As children can vary considerably in height we would recommend that before purchasing a bike you consult your local Raleigh stockist who will be able to give you expert advice on our range.

KIDS Sizing Guide

Inside Leg Range	Frame Size	Wheel Size	Age Guide
34cm to 41cm	8" - 9"	12"	Age 3+
40cm to 51cm	9" - 10"	14"	Age 4+
43cm to 52cm	10" - 11"	16"	Age 5+
49cm to 55cm	10" - 11"	18" - 20"	Age 6+
51cm to 58cm	12"	20"	Age 7+
53cm to 62cm	13"	20"	Age 7+
56cm to 65cm	12"	24"	Age 8+
58cm to 67cm	13"	24"	Age 8+
60cm to 69cm	14"	24"	Age 8+
60cm to 72cm	14"	26"	Age 9+
68cm to 80cm	17"	26"	Young teens

For an accurate comparison we recommend you see the actual product on display at your local Raleigh dealer. Due to our policy of continual improvement, product specifications and appearance may change whilst this catalogue is still in use.

Whether in the urban jungle or on the dirt tracks, these bikes are for the coolest daredevils out there. The MAX range has been inspired by the latest culture of DIRT JUMPING. This is a range of bikes built out of a passion to produce the toughest bikes for the toughest kids.

DJ26DD

MXDJDDOR / 14" FRAME / 26" WHEEL

- MAX design alloy 14" jump style frame
- Bump eating Suntour XCU suspension forks
- Super tough alloy doublewall rims
- Aggressive 2.3 tyres
- Shimano 7 speed gears with chain device
- Dual mechanical disc brakes for power stops

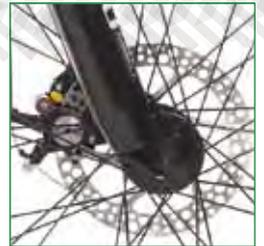

- MAX chain device technology to keep your chain where it should be whilst pushing your limits

DJ26D

MXDJ26GB / 14" FRAME / 26" WHEEL

- Max design 14" alloy jump style frame
- Bump eating Suntour XCU suspension forks
- Super tuff alloy doublewall rims
- Aggressive 2.3 tyres
- Shimano 21 speed with EZ fire gear shifters

- Powerful mechanical disc brake fitted to the front. This brake will keep you in check whilst pulling the meanest tricks ever imaginable...

HORNET

STHORNBK / 11" FRAME / 24" WHEEL

The ST24 has just got bigger and better, the Hornet adds extra spec to go big at the trails or skate park

- MAX bomb proof jump frame
- F-Set internal gyro
- 4130 3 piece powerdrive cranks
- Kenda K-Rad street/park tyres
- Front mechanical disc brake

- The F-set gyro is fitted on the Hornet to take the worry away from tangled cables when pulling those slick bar spins

ST24

ST24GB / 11" FRAME / 24" WHEEL

Step up to the mark with this super cool cruiser BMX.

- Max 'bomb-proof' steel frame
- Durable doublewall rims
- Kenda K-Rad street/park tyres
- Powerdrive tubular steel cranks

- A Gyro is fitted on the ST24, to combat cable twisting whilst performing tricks.

BOYS ALL ACTION / AGE 9+

DJ24
MXDJ24RD
13" FRAME / 24" WHEEL

- Lil' bro of the MAX DJ26D. All the cool features like bump eating Suntour XCU suspension forks and aggressive 2.3" tyres, to eat up the trails but built for the younger rider using 24" wheels.

DJ24FS
MAX24FPU / 13" FRAME / 24" WHEEL

- Lightweight alloy full suspension frame and fork 18 speed Shimano gears with Sram MRX shifters for contolled gear changes, front disc brake and rear alloy V-brake with 2.3 mountain bike tyres, mean you can make the jumps to impress but, land and stop safely.

DJ20
MXDJ20RD
11" FRAME / 20" WHEEL

- Built with the same style super tough alloy frame as the DJ26 and DJ24, the DJ20 comes ready to kick butt on the street or park! Powerful mechanical disc brake with 7 speed Shimano gears, this bike has been designed for the smallest of riders with the biggest attitude!

DJ20FS
MAX20FGB / 11" FRAME / 20" WHEEL

- Stong but lightweight alloy full suspension frame, with suspension forks, 6 speed Shimano gears with Sram MRX gear shifters for easy gear changing. Equipped with front disc brake and powerful rear alloy V-brake, to make sure you stop safely, but look the part. Terrain tackling, mountain bike tyres, complete this Max package.

BOYS BMX AGE 8+

VELOCITY

TWENTYFOUR

VELCTYWH / 13" FRAME / 24" WHEEL

The Velocity is the bigger 24" wheeled version of the Force 9, still boasting all of the key features like Hydroformed frame tubes and Suntour suspension forks of the Force 9 but with the increased wheel size and 21 speed Shimano gears. Trick 9 x 4 spoked white wheels for that cool look.

AWE24YW / 12" FRAME / 24" WHEEL

The Awesome boasts an MTB frame with distinctive embossed 'R' logo, 18 speed fast shifting Shimano gears with Ezi-Fire shifters, shock soaking suspension fork, and trick 9 x 4 crash hardened wheels.

This Awesome machine brings rugged mountain bike style to the urban jungle. With an Awesome embossed two tone saddle, cool stopping V-brakes and a gear protector - 'does what it says'

ZEROG

ZER24PO / 12" FRAME / 24" WHEEL

The ZeroG shows off a brushed alloy frame with square to round tubing, 18 speed Shimano Revoshift gears for hill climbing assistance, bump taming suspension fork and a gear protector.

ZeroG the perfect bike for defying the laws of gravity. With its strong alloy wheel package to accommodate the landings and powerful alloy V-brakes which will stop you on a dime.

HOTROD

HOT24YW
13" FRAME / 24" WHEEL

Raleigh signature 'R' MTB frame, terrain smoothing suspension fork, 18 speed Ezi-Shift Shimano gears, powerful alloy V-brakes for steady braking and a gear protector to save your bike from nasty mishaps.

Hot Rod is the fastest bike around, get on board and set the street on fire!

INVADER

INV24BL / 13" FRAME / 24" WHEEL

Boys MTB frame with rigid fork and 18 speed gears with easy to use gripshift to change gear quickly and easily.

BOYS 24" WHEEL / AGE 8+

FORCE 9 TWENTY

FORCEWH / 11" FRAME / 20" WHEEL

The Force 9 brings top end components and frame material together with a style and vision. The Force 9 is a 20" wheel bike that has a lot to boast about. First of all the custom Hydroformed tubes show a sleek and fast design and the graphics add to this even further. The suspension forks from Suntour for reliable shock absorbing, the wheel set has the visually striking 9 x 4 pattern of spokes with white rims and the whole bike is powered by 7 speed Shimano gears.

ZERO 6

ZER20PO / 11" FRAME / 20" WHEEL

Brushed Alloy frame with square to round tubing with 6 speed Shimano Revoshift gears, for all terrain capability, and a bump smoothing suspension fork. Just like it's older brother, this high flyer is designed to take the rough with the smooth. The gear protector will save your bike from any nasty mishaps and with alloy V-brakes for superior stopping power.

HOTROD

HOT203YW / 13" FRAME / 20" WHEEL
HOT201YW / 11" FRAME / 20" WHEEL

Distinctive Raleigh signature 'R', MTB frame with terrain smoothing suspension fork, powerful alloy V-brakes with front modulator for steady braking and a gear protector to save your bike from any nasty mishaps.

Hot Rod is the fastest bike around, get on board and set the street on fire!

HOTROD

HOT18YW / 11" FRAME / 18" WHEEL

18" wheels and single speed for the younger rider

INVADER

INV20BL / 11" FRAME / 20" WHEEL

Boys MTB frame with rigid fork and 6 speed gears with easy to use gripshift to change gear quickly and easily

BOYS 20"/18" WHEEL / AGE 6+

STRIKER

STR16SL / 10" Frame / 16" Wheel

- MTB frame
- Front modulator for steady braking
- Fantastic football bell and valve caps
- Non slip safety pedals with coloured pads
- Brake levers specifically designed for 'small' hands
- Free football training kit and rucksack

AIR FIGHTER

AIR16BL / 10" Frame / 16" Wheel

- Camouflage paint finish
- GTX style frame
- Hi-rise steel handlebars, with crossbar and safety pad
- Non slip safety pedals
- Two free cool walkie talkies

BURNER

BUR16BL / 10" Frame / 16" Wheel

- BMX frame
- Front modulator for steady braking
- Rear stunt pegs for that BMX look
- 3 piece printed pad set
- The Burner 16 is the ideal starting place for the BMX budding star of the future!

ZERO 6

ZER16PO / 10" Frame / 16" Wheel

- Brushed lightweight alloy frame with square to round tubing
- Brake levers specially designed for 'small hands'
- Front brake modulator for steady braking
- Non slip safety pedals
- For the space adventurer that wants to start young this is the ideal machine to start your journey to the moon

MX16FS

MX16FSBL / 11" Frame / 16" Wheel

- Bump soaking full suspension frame and fork
- Brake levers specially designed for 'small hands'
- This MotoX inspired bike has a rear mudguard to fend off the dirt from the tracks. Skid in style with powerful alloy V-brakes and be the first to the finish line.

CHAMPION

CHA16RD / 10" Frame / 16" Wheel

- Raleigh designed Y-frame with 16" wheels, easy to use single speed gear and powerful stopping V-brakes.

MX16

MX16GR / 10" Frame / 16" Wheel

- NEW monocoque frame, with big landing suspension fork
- 16" strong alloy rims with look-a-like front disc brake
- Alloy V-brakes with specifically designed brake levers for 'small hands'
- Front brake modulator for steady braking
- Non-slip safety pedals
- The MX16 inspired by the fast and the furious world of MotoX, has the all important number board to tell everyone you're No.1

OLLIE

The new 2009 Ollie is the bike for the football star of the future, with a skills set to master moves and your very own football! The Ollie also includes super wheel add ons and non slip safety pedals, helping to deliver you safely to and from training.

OLL14BL / 9" Frame / 14" Wheel

- Raleigh designed Y frame
- Front caliper brake with specifically designed brake lever for 'small hands'
- Non-slip safety pedals
- Removable stabilisers
- Free football training set and rucksack
- Football valve caps and spoke decorations

OLL12RD / 8.5" Frame / 12" Wheel

- All of the same features as the 14" wheel but suited to the younger rider.

AIR FIGHTER

AIR12BL / 10" Frame / 12" Wheel

AIR14BL / 10" Frame / 14" Wheel

- Camouflage paint finish
- GTX style frame
- Hi-rise steel handlebars, with crossbar and safety pad
- Non slip safety pedals
- Two free cool walkie talkies

MX14

MX14RD / 9.5" Frame / 14" Wheel

- New monocoque frame
- 14" Alloy rims with look-a-like disc brake front hub
- Suspension style fork
- MX racing saddle
- Non-slip safety pedals
- Rear mudguard & front number board

MX RACING

MX12

MX12YW / 9" Frame / 12" Wheel

- New monocoque frame
- 12" Alloy rims with look-a-like disc brake front hub
- Suspension style fork
- MX racing saddle
- Non-slip safety pedals
- Rear mudguard & front number board

POWER SHOCK

Scallywag

SCA14BL / 9.5" Frame / 14" Wheel

- Bring out the Pirate in him, this 14" wheeled bike complete with stabilisers is a great first choice bike. Fitted with easy to use brakes and matching waterbottle this will surely make your Scallywag happy.

DIGGIT

DIG12RD / 9" Frame / 12" Wheel

- If your little man is into building, this first bike with fully enclosed chainguard, stabilisers and easy to use brake will keep him safe and happy on his adventures. Fill up his Diggit waterbottle with his favourite drink.

Cycling Essentials

Raleigh not only make a great range of bikes for all the family they are also renowned for offering a wide range of accessories to complete your cycling experience.

AT10

Safety and Security

Generally cycling is a safe and enjoyable pastime but it is always wise to make sure that you think of you and your child's personal safety and use recommended safety and security equipment.

Kids and Youth Helmets

Raleigh work closely with the leading helmet manufacturers, to ensure that children and adults alike are provided with helmets of the highest quality and style.

As the nights draw in, it becomes evermore important that you are seen on your bike. Raleigh have designed an ingenious source of additional visibility, the LED Dial fit system.

The LED emits a bright light and is a great addition to your personal visibility, ensuring peace of mind for you and your child's safety.

Child Seats

The journey begins when you decide on a family day out on the bikes. The Avenir child seat range is packed with features to ensure your child's safety and comfort, these were our prime considerations when putting this range together.

All our products are tested to the stringent **EN14344** child seat safety standard.

OKB080AV **Avenir SNOOZE childseat**

- Suitable for children between 9 - 22kg in weight
- Comply with tough European standards (EN14344)
- Ergonomically designed for your child's comfort
- Includes a 3 point fixing harness which cannot be released by the child
- Reclining seat positioning for added comfort
- Adjustable foot rests ensures the seat grows with your child

Cycle Trailers

Avenir cycle trailers are a great means of transporting your young children who cannot yet ride a bike, allowing you to enjoy the benefits of cycling as a family.

All Avenir trailers are fitted with an internal safety harness, waterproof cover, roll up front window and bug mesh ensuring your child is secure and comfortable during the journey.

Each trailer fits easily onto your bike and folds flat for easy storage or to fit into your car boot for transportation to your intended venue.

TRA082 **Avenir SHETLAND trailer**

- Designed with heavy duty frame including safety bumper
- 20" quick release wheels
- Designed to take a total weight capacity of 40kg
- Design features include a high visibility safety flag

Tags

Tag-a-longs provide the ideal introduction to cycling, without any worry for the parent.

The Avenir tag-a-longs provide practical cycling experience for your child in a safe and controlled manner.

TRA230 Avenir TAG 100

- Folding mechanism for easy storage or transportation
- Quick release bike hitch
- Bash guard to protect the tag
- Front and rear mudguards are new features to keep the rider protected
- Water bottle & cage for their favourite drink

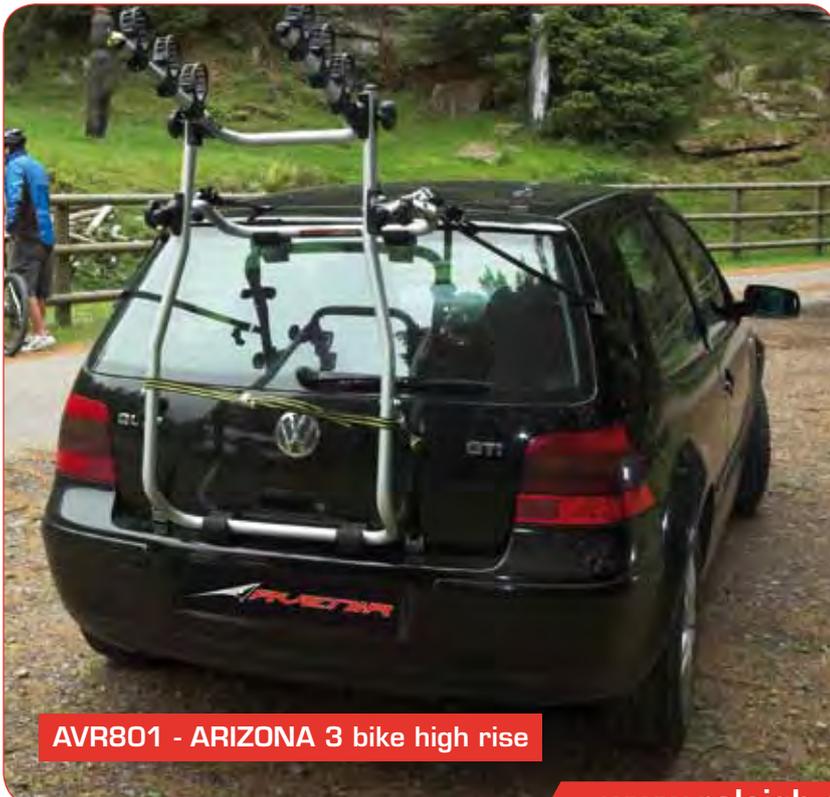

Cycle Carriers

Avenir cycle carriers make transportation of your cycles easy and safe on any journey. Carrying your bikes on the boot is the most popular and easy option, the Avenir cycle carriers are manufactured from lightweight alloy and come completely assembled for quick and easy mounting.

AVR801 Arizona High Rise 3 Bike

- 6 strap fastening
- Bike hold downs
- Fits saloons, estates, hatches and vans
- Folds flat for easy storage
- Lifts bikes above number plates and lights
- Max bike weight - 45kg

AVR801 - ARIZONA 3 bike high rise

Introducing a new range of aluminium hardtail girl's bikes. This high spec'd range has been developed for the girl about town. Using high gloss paint finishes and distinctive airbrushed decal designs, these bikes will turn heads. Using our AIRLite aluminium frame technology. Shimano gears and Suntour suspension forks, these bikes are designed to be light and easy to handle.

AT10 girls

AT114LWH 14" Frame / 26" Wheel

Utilising our Raleigh designed AIRLITE aluminium MTB frame, the AT10 features 21 speed Shimano EZ Fire finger tip control gear shifting, lightweight alloy rims and a Suntour M2000 suspension fork. A great bike for recreational jaunts.

GIRLS 12" & 14" WHEEL / AGE 3+

Learn to ride with Chuckles

Choosing your child's first bike is always a difficult and sometimes costly decision. Do they need a trike first or can they go straight on to a bike? 'Chuckles' is a complete starter bike that solves these dilemmas whilst also offering style, and quality from the brand you can trust.

CHU12YW
Frame Size: 9.5"
Wheel Size: 12"

Learn to ride in 3 easy stages with

Learn to ride with Raleigh Chuckles. A unisex bike offering a unique solution for getting your child on a bike quicker. **1.** When fitted with the parent handle and stabilisers, it has all the features and benefits of a trike. **2.** Remove these and the pedals and it is a 'running bike' to teach balance and steering. **3.** Refit the pedals and stabilisers and you have a 12" bike. Three important development stages covered in one product.

BUGGY
