

A scenic mountain landscape with a glass of wine and a plate of bicycle chain components. The background shows a valley with green fields and dark, forested mountains under a bright blue sky with scattered white clouds. In the foreground, a clear wine glass filled with white wine sits on a white plate. On the plate, several bicycle chain links and rollers are arranged. A white pen or pencil lies horizontally on the right side of the plate. The overall composition suggests a moment of relaxation and appreciation for quality products.

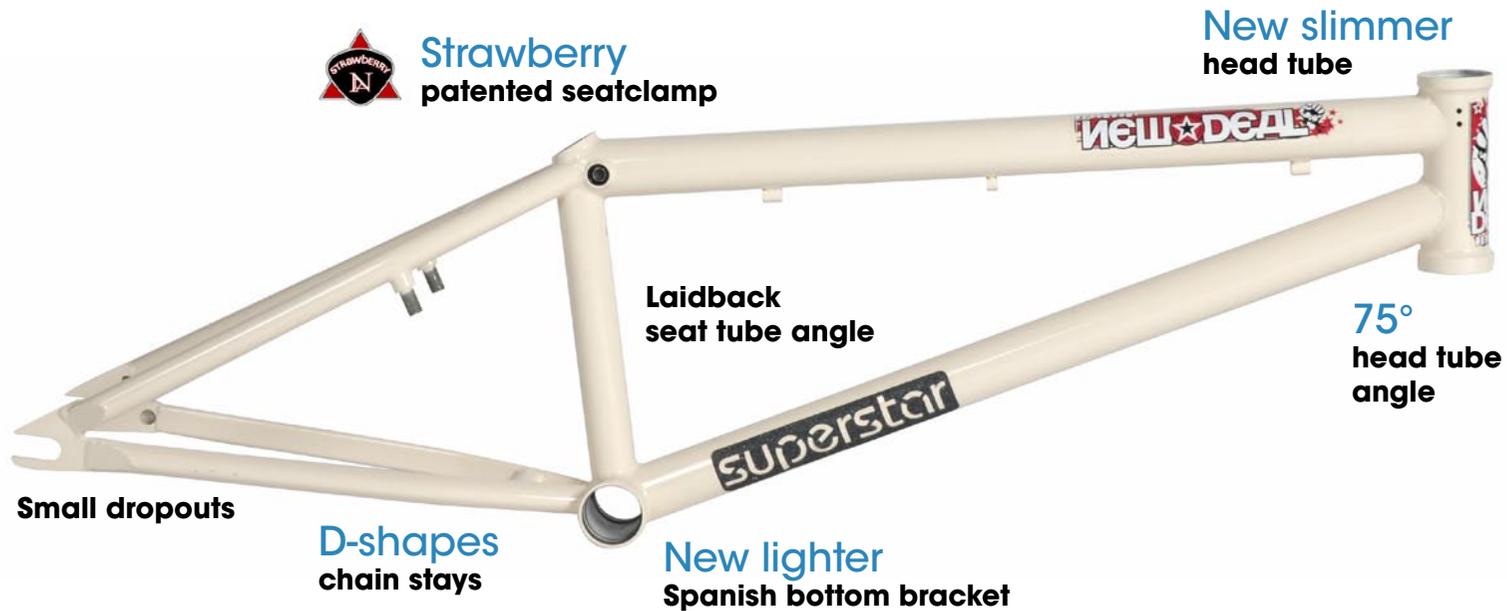

2008 **SUPERSTAR** PRODUCTS

Innovation, Technique, Simplicity.

Our three friends. They stay in our mind
when we created the 2008 Superstar range.

2008 NEW DEAL Frame

For PEGLESS riders, latest generation street frame

Upgrades for 2008

Brakeless and braked version
19 mm D-shape chainstays
Smaller seat clamp device
Redesigned head tube, BB shell and rear dropouts

2008 Colors

- Black
- Green clear coating
- Cream white
- Black for brakeless only

Through seat tube cable route.

Top tube : 20,7", 21" or 21,4"
Chainstays : 13,4"
Chainstays on 21,4" : 13,6"
Head angle : 75,0°

Seat angle : 70,0°
Seat post size : 25,4 mm - 1"
BB height : 11,5"
Weight : 5,00 lbs / 2,27 kg

Features

Three sizes available : 20,7", 21" and 21,4"
13,4" slammed rear triangle on 20,7" and 21".
13,6" slammed rear triangle on 21,4".

75° head tube angle.

New lighter head tube :
Our new heat-treated head tube is much slimmer than before : O.D. 38 mm in the center. Campagnolo style, with removable tabs holes.

New lighter Spanish bottom bracket :
Our new heat-treated bottom bracket shows a slim profile outside with ultra-thick edges to prevent from ovalising. BB height : 11.5".

Laidback seat tube angle : 70°
The frame feels 0.3 inch shorter in order to have a really responsive bike.

D-shapes chain stays :
Our specific heat-treated chain stays have a flat wall on the inside for big tire clearance. A really small radius on the outside gives a similar dent-proof chain stay than a thicker round tube.

Small dropouts :
4 mm thick heat-treated dropouts for 14 mm axle, with 10 mm vent holes.

Strawberry patented seatclamp :
Redesigned internal seatclamp : smaller, providing the same clamping power. Ultra low seat position compatible.

Drilled seat tube and three cable guides for clean cable routine. Head tube is threaded for gyro tabs.

Grip stickers on down tube.

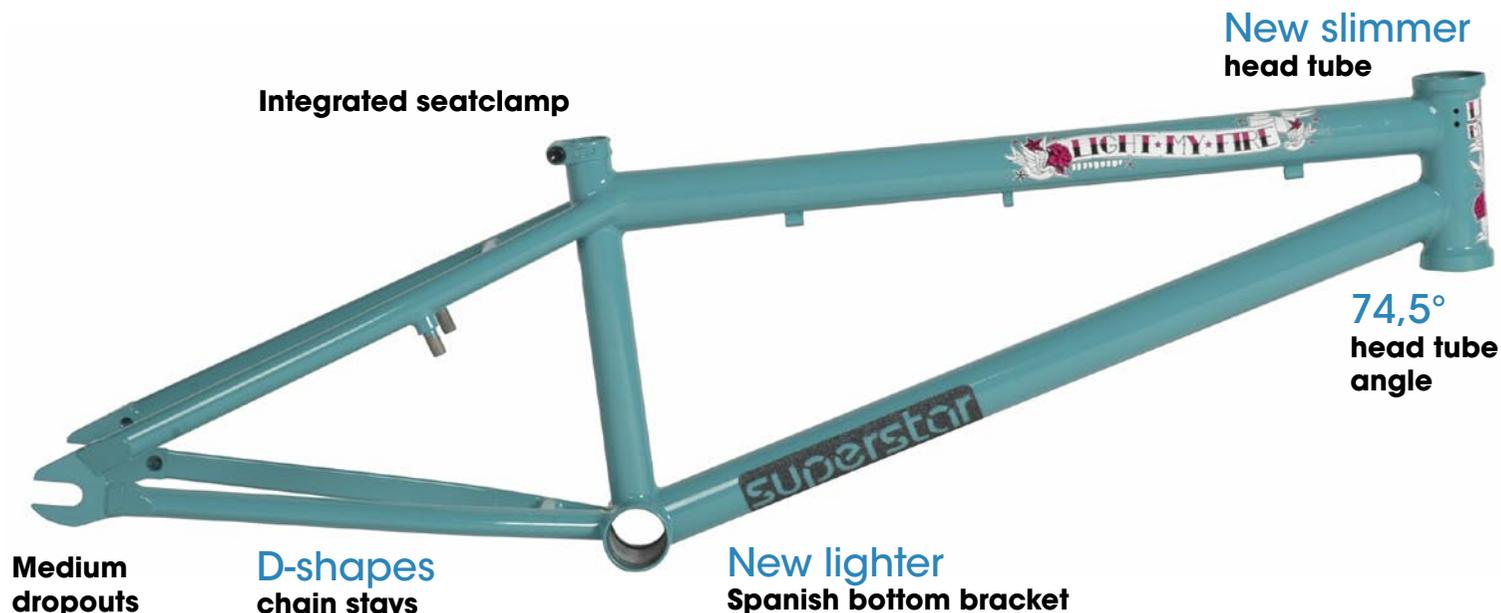

New Deal graphics designed by Eric Chancellor and Antony Lille.

Three colours available :
Black, green clear coated* and cream white.
Brakeless version only in black.
* from early march 2008
Fall 2007 frames are leaf green.

CAUTION :
2 versions : brake or brakeless (no lugs and no cable guides). Brakeless version is available in three sizes, black color only.

2008 LIGHT MY FIRE Frame

Latest generation park frame

Features

Three sizes available : 20,4", 20,8" and 21,2" 13,4" slammed rear triangle on 20,4" and 20,8". 13,6" slammed rear triangle on 21,2".

74,5° head tube angle

70,5° degree seat angle

New lighter head tube :

Our new heat-treated head tube is much slimmer than before : O.D. 38 mm in the center. Campagnolo style, with removable tabs holes.

New lighter Spanish bottom bracket :

Our new heat-treated bottom bracket shows a slim profile outside with ultra-thick edges to prevent from ovalising. BB height : 11,5".

D-Shapes chain stays :

Our specific heat-treated chain stays have a flat wall on the inside for big tire clearance. A really small radius on the outside gives a similar dent-proof chain stay than a thicker round tube.

Medium dropouts :

5 mm thick heat-treated dropouts for 14 mm axle, with 10 mm vent holes.

Integrated seatclamp

Drilled seat tube and three cable guides for clean cable routine. Head tube is threaded for gyro tabs.

Grip sticker on down tube.

Light My Fire graphics designed by Eric Chancelier et Antony Lille.

2008 colors :

- black blasted
- anodized blue
- silver

Minimal packing for waste reduction

2008 PIMP DISC Sprocket

Features

6061-T6 alloy

11,35 mm thick

15/16" central hole

+ 22 mm adaptor

+ 19 mm adaptor

THREE SIZES AVAILABLE :

23T

Weight : 3,42 o.z. - 97 grams

25T

Weight : 3,80 o.z. - 108 grams

28T

Weight : 4,33 o.z. - 123 grams

Color : black blasted

Minimal packing for waste reduction

2008 PIMP Sprocket

Features

7075-T6 alloy

15/16" central hole
+ 22 mm adaptor
+ 19 mm adaptor

FIVE SIZES AVAILABLE :

NEW 23T : 5 mm thick

Weight : 1,51 o.z. - 43 grams

25T : 6,8 mm thick

Weight : 1,92 o.z. - 56 grams

27T : 8,6 mm thick

Weight : 2,89 o.z. - 82 grams

28T : 8,6 mm thick

Weight : 2,96 o.z. - 84 grams
