

1990 Trek Catalog

This is an extract from the 1990 Trek Catalog. It contains details on the three steel-framed road bikes that Trek made this year: models 330, 420 and 520.

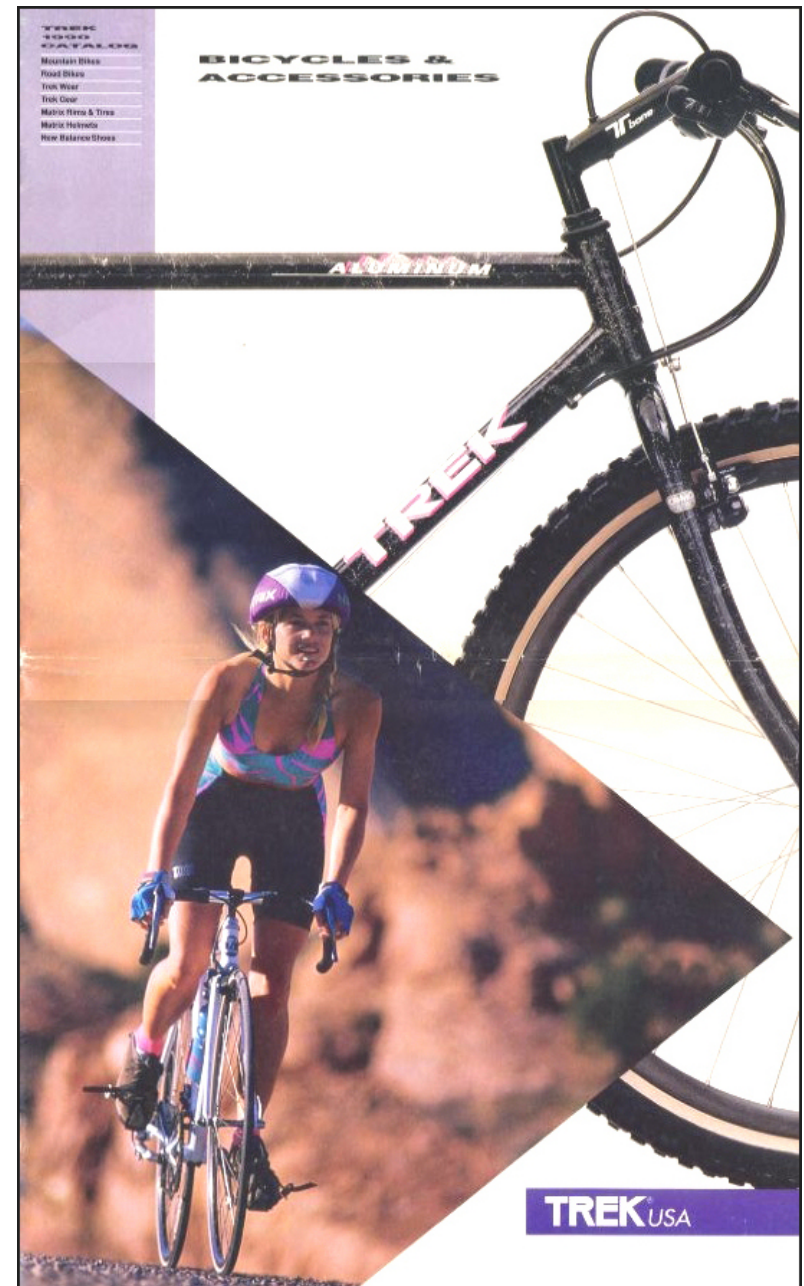

Pages 5 and 6 contain the specs for these bikes as well as those for the other road bikes Trek produced in 1990. Page 5 contains half of the specs for a particular bike. The specs for each bike are continued on page 6.

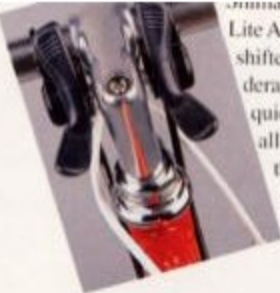

Pages 7 and 8 contain the specs for 1990 Mountain Bikes and Multi-Track bikes. Page 7 contains half of the specs for a particular bike. The specs for each bike are continued on page 8.

Page 9 contains the geometry of the mountain and multi-track bikes.

Page 10 contains the geometry of the road bikes.

All of the pages can be enlarged to see more detail.

Lite Action SIS
shifters and
derailleurs
quickly access
all 14 gears
through the
Hyperglide
rear cassette.

Concave
alloy rims are
fitted to Matrix
CD-2 tires for a
smooth depend-
able ride.

The Trek designed frame uses our exclusive investment cast seat lug and True Temper tubing to give you a strong, durable frame.

smooth 7-speed
Accushift Plus shifting
system.
