At Felt, we believe today's Cruiser customers are not just looking for comfort and simplicity: They are looking for quality, innovation, durability, and above all, differentiation and style. Simply put, we know today's Cruiser customers are looking at design details like never before. At Felt, details happen to be what we do best.

We know that most Cruiser owners want their bike to make a statement: A statement that reflects their individual personality, their history, their style and their standards for quality and excellence. While most cruiser brands combine me-too frames with been-there looks and generic, low-end components, Felt offers some of the most unique design themes and the highest quality frames & components the industry.

For example, all of our new frames use Felt exclusive Cruisellite rust-free and lightweight aluminum tubing. Our men's frames feature a monocoque tank design, while our ladies and kids frames utilize the latest in hydroform tubing technology. Every wheelset is built with extra-wide Felt exclusive aluminum rims, as well as heavy-duty 12 gauge stainless rust-free spokes. All models use oversized polished aluminum front hubs: some with internal drum brakes, others with a Felt-exclusive 5-star flange design. Many models have Felt designed oversized 24 x 3.0 balloon tires, offering built-in suspension and unsurpassed traction and comfort. From the grips to the hardware to the saddles, not a single component goes untouched.

The Felt Cruiser lineup offers something for everyone. While other brands tend to focus exclusively on the rather predictable hot rod car and vintage motorcycle themes, Felt raises the bar by widening our vision. From the Baron's WWI airplane theme, to the battleship gray Navy bike, to the stock car-inspired Speedway, to the punk-rock Flyer, the Felt line is anything but predictable. Even young ladies are covered with the colorful and striking Desire, and boys are not forgotten with a junior-sized 24" Speedway. And for those really looking to stand out, nothing beats the all-new Scythe chopper and Lead Sled low-rider. If these don't grab attention, nothing will.

Felt has gone the extra mile on our production line, ensuring higher quality and more attention to detail than you're used to seeing on anyone's cruisers from the past. With superior craftsmanship and materials, cleaner welds, richer paint, and a higher level of polish and chrome plating, we believe you'll find the Felt Cruiser line delivers it all.

Classic movie fans will recognize the Little Bastard from a mile away. Inspired by an iconic actor's mysterious and legendary Porsche®* Spyder (one of only ninety made in 1955), the bike features the same silver paint, red accents, and even the race number from the car's hood. Specified like a true racer, the Bastard has a stripped down, no-frills demeanor, a narrow saddle, rigid fork, and extra wide 24 x 3.0" tires.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Semi-Integrated Fork & Headset
- Felt Drop Ten Ahead Stem
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes

- Felt Large Flange 5-Star Polished Aluminum Front Hub

- 24 x 3.0 Front & Rear
- Front & Rear Shorty Fenders
(front fender included but not shown)

Who ever said cruisers had to be old-fashioned? With its stock-car inspired look and up-to-date components, the Speedway is about as modern as they come. Featuring a flex-free unicrown fork, semi-integrated headset & threadless stem for precise steering, an extra-wide 24 x 3.0 Felt Thick-Brick tires for increased traction and a narrow springer saddle for maneuverability, the Speedway has got to be the fastest cruiser around.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Semi-Integrated Fork & Headset
- Felt Drop Ten Ahead Stem
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub

- 24 x 3.0 Front & Rear

During WWI, when twenty air victories ensured a pilot legendary status, Manfred von Richthofen* accumulated eighty victories to his credit by the age 25, and is regarded to this day as the ace of aces. Featuring Felt exclusive Cruiselite® aluminum tubing & a monocoque top tube, painted-to-match super wide aluminum rims and a CNC-machined aluminum Iron Cross chainwheel, the Baron just may be the most striking ace in the Felt line.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Semi-Integrated Fork & Headset
- Alloy CNC Iron Cross Chainwheel
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- 24 x 3.0 Front & Rear
- Front & Rear Shorty Fenders

It was during this year that American motorcycle manufacturers discovered the assembly line, stopped building bikes one-by-one, and began mass-producing beauties like this. With copper-colored pin striping, along with antique cream-white tires, the 1903 could not be any truer to form.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- Classic Springer Fork
- Adjustable Quill Stem
- 26 x 2.125 Front & Rear
- Front & Rear Shorty Fenders

"Too young to die, too fast to live" was a slogan coined by a fashion icon during the mid-70's punk-rock movement in London. Known for creating a unique tartan plaid pattern, the designer also created the wardrobe for several infamous punk bands of the day. With its matte black finish and old-school cantilever frame design and stripped-down look, the Flyer is a punk-rock movement in itself.

- Cruiselite Rust-Free Aluminum Cantilever Type Frame
- Unicrown Fork
- Super-Wide Felt 50mm Aluminum Rims
- Felt Custom 3-Piece Grip Design
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- Adjustable Quill Stem
- 26 x 2.125 Front & Rear

Reminiscent of a classic 750cc street racer from 1970, the Café is lean and mean. And it's not just the low-rise handlebar giving this bike its name: The triple tree fork, twist-shift 3-speed drivetrain, smaller/wider rear wheel, and the aluminum drum brake front hub all contribute to its true Café Racer style.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Double Triple Clamp Semi-Integrated Fork & Headset
- Felt Drop Ten Ahead Stem
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 3-Speed Sturmey Archer C/B Hub w/Polished Aluminum Body
- Internal Drum Brake Polished Aluminum Front Hub
- 24 x 3.0 Rear / 26 x 2.125 Front
- Front & Rear Shorty Fenders (front fender included but not shown)
- Number Plate

Also known as the "Bomber", she's one of the most popular bikes we've ever made. It was nose-art like this that gave our WWII pilots the courage and inspiration they needed to get the job done and get back home. With a sturdy triple-tree fork and Sturmey Archer 3-speed coaster brake hub, she's as dependable as a B52.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Double Triple Clamp Semi-Integrated Fork & Headset
- Felt Drop Ten Ahead Stem
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 3-Speed Sturmey Archer C/B Hub w/Polished Aluminum Body
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- 24 x 3.0 Rear / 26 x 2.125 Front
- Front & Rear Shorty Fenders (front fender included but not shown)

With an ultra-clean look and classic lines, the Vintage Iron was styled after 30's era American motorcycles, some of the best looking bikes to ever hit the road. A twist-shift three-speed drivetrain, springer suspension fork and polished aluminum super-wide rims all help complete this motorcycle-inspired beauty.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 3-Speed Sturmey Archer C/B Hub w/Polished Aluminum Body
- Internal Drum Brake Polished Aluminum Front Hub
- Classic Springer Fork
- Adjustable Quill Stem
- 24 x 3.0 Rear / 26 x 2.125 Front
- Front & Rear Shorty Fenders

With a presence as powerful as a battleship, the Navy is as utilitarian as it is stoic. Front and rear carriers are assigned to transport duty, while an oversized aluminum dynamo hub generates the headlamp. The vessel itself is composed of rust-free Cruiselite® aluminum frame tubing, including an oversized Felt-exclusive monocoque welded top tube. With a rigid double-crown fork guiding the course, the Navy will provide a voyage like none other.

- Cruiselite Rust-Free Aluminum Monocoque Tank Frame
- Double Triple Clamp Semi-Integrated Fork & Headset
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B, Shimano or Lee Chi*
- Dynamo Polished Aluminum Front Hub w/Headlight
- Front & Rear Matching Carriers
- 26 x 2.125 Front & Rear
- Front & Rear Full Coverage Fenders

Just picture a '49 Mercury*...chopped and dropped. Back in the day, customizers used lead as body filler as they altered the lines and smoothed out the shape of their lowriders. Stretched out to a 61" wheelbase and utilizing a custom triple-tree fork, our Lead Sled is easy to ride and glides like a dream. No, you won't find any lead in our sled, but you sure will find the same sense of style and attitude.

- Cruiselite Stretch Lowrider Hi-Tensile frame w/Steel Plate
- Double Triple Clamp Fork
- Super-Wide Felt 50mm Aluminum Rims
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Internal Drum Brake Polished Aluminum Front Hub
- Battery Type Headlight
- 26 x 2.125 Front & Rear
- Front & Rear Full Coverage Fenders

One look at the long, curved shape of its downtube, and there is no mistaking the Scythe. While many of its peers choose economical and heavy steel frame tubing, our chopper is equipped with a lightweight and rust-free aluminum frame, featuring Felt exclusive Cruiselite tubing, monocoque top tube, as well as a polished aluminum faux oil tank plate. Another Felt exclusive is the integrated handlebar/fork design. The bars slide independently into the massive 37mm fork blades, and are fully adjustable both vertically and rotationally. With a silent rolling coaster brake and built-in headlamp, reapers both grim and otherwise will find the Scythe the tool of choice for any activity in mind.

- Cruiselite Rust-Free Aluminum Monocoque Tank Chopper Frame
- Double Triple Clamp Semi-Integrated Chopper Fork w/Integrated Adjustable Handlebars
- Super-Wide Felt Aluminum Rims: 50mm Rear; 38mm Front
- Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- 26 x 2.125 Front & 24 x 3.0 Rear
- Rear Shorty Fender

Emblazoned with logos made familiar by many a handbag maker, the FB is short in name but long in style. Featuring graceful lines and an elegantly curved hydroformed one-piece top tube made exclusively for Felt, the FB exudes femininity. Gold-colored spoke nipples and matching heat-embossed saddle & grips epitomize Felt's renowned attention to detail.

- Cruiselite Rust-Free Aluminum Hydroform Ladies Tank Frame
- Semi-Integrated Fork & Headset
- Super-wide 50mm Aluminum Rims
- Felt Custom Grip & Saddle Designs
- Heavy Duty 12g Stainless Spokes
- 3-Speed Sturmey Archer C/B Hub w/Polished Aluminum Body
- Internal Drum Brake Polished Aluminum Front Hub
- Adjustable Quill Stem
- 26 x 2.125 Front & Rear
- Front & Rear Full Coverage Fenders

From the striking color scheme to the “you wish” slogan on the fender, the Desire makes more than a statement. Available in two color combos (black/red or Mia blue/pink), both feature painted-to-match rims, custom stitched saddles & grips, and white-wall tires. Just like the young ladies it was designed for, the Desire has no shortage of attitude.

- Cruiselite Rust-Free Aluminum Hydroform Ladies Tank Frame
- Semi-Integrated Fork & Headset
- Extra-Wide Felt 38mm Aluminum Rims
- Felt Custom Grip & Saddle Designs
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- Adjustable Quill Stem
- 26 x 2.125 Front & Rear
- Front & Rear Full Coverage Fenders

Racing fans are bred at an early age, and Felt caters to their need for speed. Designed to fit riders in the 10-15 age range, this one is spec'd with traditional-sized 24 x 2.125" wheels and tires, dropping the bike height by a full two inches. Additionally, the frame has more stand-over clearance, thanks in part to the custom Felt hydroformed 1-piece top tube. Just like its bigger brother, the Speedway 24" is loaded with features and has all the horsepower a future racer could need.

- Cruiselite Rust-Free Aluminum Hydroform Boys Tank Frame
- Unicrown Fork
- Extra-Wide Felt 38mm Aluminum Rims
- Felt Custom Grip & Saddle Designs
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- Adjustable Quill Stem
- 24 x 2.125 Front & Rear

Just like the full-size ladies version, the Desire 24" uses a lightweight & rust-free aluminum frame, featuring a Felt exclusive hydroform one-piece top tube. Upgraded gear for gals include a riveted saddle with piping, stitched color-matched grips, full fenders and a high-polished silver aluminum chainwheel. With a smaller 24" Desire in our line, now even young girls (10-15 yrs) can express theirs.

- Cruiselite Rust-Free Aluminum Hydroform Girls Tank Frame
- Unicrown Fork
- Extra-Wide Felt 38mm Aluminum Rims
- Felt Custom Grip & Saddle Designs
- Heavy Duty 12g Stainless Spokes
- 1-Speed C/B Hub, Shimano or Lee Chi*
- Felt Large Flange 5-Star Polished Aluminum Front Hub
- 24 x 2.125 Front & Rear
- Front & Rear Full Coverage Fenders
